PRIVACY POLICY

Your privacy on the Internet is important to us. As part of the operations of FEM Centre, we gather certain types of information about our users. This Privacy Policy ("Privacy Policy") explains the types of information we gather, what we do with it and how you may correct or change information that FEM Centre may collect. The following policies cover only the information we collect from this web site and may, in some cases, be superseded by our Health Insurance Portability and Accountability Act (HIPAA) Privacy Policy which is also available on this web site.

Information Collected by FEM Centre

FEM Centre collects two types of information about users: personal information (such as name and e-mail address) and aggregate information (such as information about how many users log on to our sites on a daily basis).

Personal Information

Personal information is collected when users voluntarily register for services. These services may include receiving electronic newsletters, using community and communication services, answering surveys, purchasing items, and receiving computer files provided on our site. We may receive personal usage and demographic information from our third-party partners, and we also collect e-mail addresses from users who send us e-mail. This information enables FEM Centre to improve our site to make your online visits more productive and enjoyable.

Aggregate Information

One method of collecting aggregate information about your activities online (such as the pages you access most frequently or the search terms you enter), and information volunteered by you (such as survey or registration information), is by tracking Internet Protocol (IP) addresses. An IP address is a number that is automatically assigned to your computer whenever you surf the Web. The computers that deliver the Web pages to you automatically identify your computer by its IP address. When you request a page from our site, our servers log your IP address.

Our site records IP addresses for the purposes of system administration and to provide aggregate data about the volume of use on our site.

Use of Cookies

Our site does not use cookies to retrieve any information from your computer.

Use of Information Collected by FEM Centre

FEM Centre uses the personal information we collect to improve the content of our site; to customize the content and/or layout of our site; to notify users about opportunities that we believe will be of interest to users; and to investigate violations of our terms and conditions of use.

Sharing Data with FEM Centre Affiliates

FEM Centre will not share the personal and aggregate information we collect at this site with third persons or companies not affiliated with or operated by or for FEM Centre.

Sharing Data with Third Parties

FEM Centre may share personal information with consultants and affiliates for internal business purposes and may divulge personal information if such information is subpoenaed, or if FEM Centre believes that this site has been used to commit unlawful acts, or acts that may endanger the health or safety of another user or of the general public. In some situations, we will share your personal information, on a confidential basis, with third parties who perform a particular service on our behalf, such as product fulfillment. These parties are not allowed to use personal information except for the limited purpose of providing the particular service on our behalf. In addition, FEM Centre may receive personal usage and demographic information from third parties and use this information to improve our products and services.

Links to Other Sites

Our site may contain links to sites other than our own. Those sites may not follow the same privacy policies as FEM Centre. Such links may be to advertisers, content providers or partners who may use our logo and/or style as a result of a co-branding agreement. These sites may send their own cookies to you, and may collect information and use it in a way inconsistent with FEM Centre privacy policy. FEM Centre does not control the content that appears on these sites. Such sites may contain information that content providers independent of FEM Centre have created, maintained, published, posted or otherwise made available.

The use of any information or materials that you may access at these external sites is purely voluntary. You should not rely on their contents without independent and thorough review of the accuracy, completeness, effectiveness, timeliness and correct sequencing. These external sites may also refer to specific commercial products, processes, or services by trade name, trademark, service mark, manufacturer or otherwise. Unless FEM Centre has provided explicit authority, such references in no way indicate our endorsement, recommendation or preference.

This section should be read in conjunction with the full Terms of Use.

Additional Information

No transmission of data over the Internet is guaranteed to be completely secure. It may be possible for third parties not under the control of FEM Centre to intercept or access transmissions or private communications unlawfully. While we strive to protect your personal information, FEM Centre cannot ensure or warrant the security of any information you transmit to us. Any such transmission is done at your own risk.

Under no circumstances, including but not limited to negligence, shall FEM Centre be liable for any special, incidental or consequential damages that result from the use of the information or materials on our site, even if FEM Centre or an authorized representative of FEM Centre, has been advised of the possibility of such damages. This section also should be read in conjunction with the full Terms of Use.

FEM Centre reserves the right to change this Privacy Policy at any time. Any such changes will be posted online. Questions should be directed to info@femcentre.com.

USE OF THIS SITE SIGNIFIES YOUR UNDERSTANDING AND AGREEMENT TO COMPLY WITH THE ENTIRE PRIVACY POLICY.
